Hey sucka nigga  
Wherever you are  
I thought about you, fool  
While I was driving my car I wonder if you fools  
Realize how far  
You are  
You're no where in my rear mirror Ha ha ha ha ha! Your last shit ain't better  
Than my first shit  
Your best shit  
Ain't better than my worst shit The truth in my s  
Your metaphors  
About what your net worth is  
Ha ha ha ha ha!
