

# The Howling

## Within Temptation

We've been seeing what you want,  
You've got us cornered right now  
Falling asleep from our vanity  
May cost us our lives I hear them getting closer  
Their howls are sending chills down my spine  
Time is running out now,  
They're coming down the hills from behind When we start killing  
It's all coming down right now  
From the night that we've created  
I wanna be awakened somehow  
(I wanna be awakened right now)  
When we start killing  
It all will be falling down  
From the hell that we're in  
All we are is fading away  
When we start killing We've been searching on and on  
But there's no trace to be found  
It's like they all have just vanished  
But I know they're around I feel them getting closer  
The howls are sending chills down my spine  
Time is running out now  
They're coming down the hills from behind When we start killing  
It's all coming down right now  
From the night that we've created  
I wanna be awakened somehow  
(I wanna be awakened right now)  
When we start killing  
It all will be falling down  
From the hell that we're in  
All we are is fading away  
When we start killing  
When we start killing! I feel them getting closer  
The howls are sending chills down my spine  
Time is running out now  
They're coming down the hills from behind The sun is rising  
The screams have gone  
Too many have fallen  
Few still stand tall  
Is this the ending  
Of what we've begun?  
Will we remember  
What we've done wrong? When we start killing

It's all coming down right now  
From the night that we've created  
I wanna be awakened somehow  
(I wanna be awakened right now) When we start killing  
It all will be falling down  
From the hell that we're in  
All we are is fading away  
When we start killing  
When we start killing!
