

Feeling Pretty Good

Deorro

I'm feeling pretty good right now
I'm really wish that this would last forever
Nowhere I gotta be right now
So if you're feeling pretty good put your hands up
I'm feeling pretty good right now
I'm really wish that this would last forever
Nowhere I gotta be right now
So if you're feeling pretty good put your hands up
I'm feeling pretty good right now
I'm really wish that this would last forever
Nowhere I gotta be right now
So if you're feeling pretty good put your hands up
Up, up, up, up, up...
So if you're feeling pretty good put your hands up
Up, up, up, up, up...
I'm feeling pretty good right now
I'm feeling pretty good right now
I'm really wish that this would last forever
Nowhere I gotta be right now
So if you're feeling pretty good put your hands up
I'm feeling pretty good right now
I'm really wish that this would last forever
Nowhere I gotta be right now
So if you're feeling pretty good put your hands up
Up, up, up, up, up...
So if you're feeling pretty good put your hands up
Up, up, up, up, up...
I'm feeling pretty good right now
