(Mystikal)Let me hit

Let get it

turn around give it to

already know what I want

Fuck all that beat around tha bush

make up yo mind

Bitch do what you dont

9 times out of 10  
them jackers sit here  
probably you dont  
id rather pull a bitch drows to the side and smell here funky  
pussy stunk  
I aint tripping on the stupid  
Id rather have a good time in this bitch  
trying to get my smoke on  
what you got cigarettes  
(ah thats it the bitch got to be stopped hold)  
I still got a guard left over from last night  
Damn I like to forgot  
I dont blow no joes  
But inhale some weed smoke  
Id rather be hitting you from the back  
if you really dont know  
she said my periods down  
Ita be gone in a minute  
then she said  
I thought you had some weed  
then tha bitch said  
let me hit it
