

As Far As I Can See

Phantogram

As far as I can see
nobody loves me
as far as I can tell
nobody loves you either
and we're all going down
all down the staircase
and we're all going down
all down the staircase aboardas far as I can see
nobody's listening
as far as I can tell
nobody's listening to me
and when I'm crying out
out for an answer
and when I'm crying out
nobody cries back for me
