

# U (feat. Bo Bruce)

Gareth Emery

Walking down the highway traffics coming my way all I see are flashing lights  
People wearing blue suits wanna know the real truth how many did I have tonight?

Looking at the wreckage anyone would guess that all inside had died

But I'm alive

Wake up in a strange place angels over my head one of them is shouting clear  
1000 bolts of lightning bring me back to life and it's a miracle that I'm still here

As I'm coming to life screaming out for you I need you by my side

Now I'm alive

No I didn't pray to God

No I never saw the light

No I didn't watch my life go flashing right before my eyes

No I didn't do the things that they all said that I would do

I just close my eyes and all I saw was you

All the things in my head everything left unsaid I never got a second to say  
Knew that I adored you the moment that I saw you just terrified you'd push me away

Though we're dying slowly just want you to hold me what are we waiting for

We're alive

No I didn't pray to God

No I never saw the light

No I didn't watch my life go flashing right before my eyes

No I didn't do the things that they all said that I would do

I just close my eyes and all I saw was you

If I don't die lying in the rain and I live another day then I'd run to you

Cos I don't have regrets just things I never say I need you

No I didn't pray to God

No I never saw the light

No I didn't watch my life go flashing right before my eyes

No I didn't do the things that they all said that I would do

I just close my eyes and all I saw was you
