This time we takin? it to the clubs, uh-oh, that? s right
First it was Naughty, then it was Next, now it? s CB

Hop in the whip with the flip, get my girl
It? s hair shop, facial, nails filled, toes done
? Cause it? s on at the clubIt? s Saturday, don? t stop, just left the barber shop
Fresh fade, geared up, just got my car washed
Music up, windows down, rims on, bling-bling
It? s a weekend thingWorkin? on stress, hopped in the jeep yes
Light up, take two to the chest
Tired of the wheels, tripped out bosses
Talkin? threats, but I could care less
I just wanna let my hair done
Puff-puff, I think I? m there nowIt? s Friday, weekday, leavin? work early
Hop in the whip with the flip, get my girl

? Cause it? s on tonight it? s weekendMy end of the week commences by rippin? out the 20

SOS for the road, Gerbraud? s creased to the floor
No mo? sweets to flow on the sto? like a dro
And I know you got them switches, give me mo? of them to goSeated in the barber shop, press
playin? with it tapered in
Paper thin mustache trimmed and my weekend begin
Gimme plenty of Remy with a double shot of Henney

No taste, look at my face, I? m feelin? as good as any
It? s the weekendIt? s Friday, weekday, leavin? work early
Hop in the whip with the flip, get my girl
It? s hair shop, facial, nails filled, toes done
? Cause it? s on at the clubSaturday, don? t stop, just left the barber shop
Fresh fade, geared up, just got my car washed
Music up, windows down, rims on, bling-bling
It? s a weekend thingIt? s Friday, weekday, leavin? work early
Hop in the whip with the flip, get my girl
It? s hair shop, facial, nails filled, toes done
? Cause it? s on at the clubSaturday, don? t stop, just left the barber shop
Fresh fade, geared up, just got my car washed
