This time we takin? it to the clubs, uh-oh, that? s right  
First it was Naughty, then it was Next, now it? s CB  
What, uh, come onIt? s Friday, weekday, leavin? work early  
Hop in the whip with the flip, get my girl  
It? s hair shop, facial, nails filled, toes done  
? Cause it? s on at the clubIt? s Saturday, don? t stop, just left the barber shop  
Fresh fade, geared up, just got my car washed  
Music up, windows down, rims on, bling-bling  
It? s a weekend thingWorkin? on stress, hopped in the jeep yes  
Light up, take two to the chest  
Tired of the wheels, tripped out bosses  
Talkin? threats, but I could care less  
I just wanna let my hair done  
Puff-puff, I think I? m there nowIt? s Friday, weekday, leavin? work early

No mo? sweets to flow on the sto? like a dro  
And I know you got them switches, give me mo? of them to goSeated in the barber shop, press

Paper thin mustache trimmed and my weekend begin  
Gimme plenty of Remy with a double shot of Henney
