

# Setting the Night On Fire (with Chris Young)

## Kane Brown

10 P.M., most folks are sleeping  
But it's the weekend  
S? we ain't, and we know where the cows don't go  
These 40 inch tires saving up pavement  
S? we're taking them on red dirt places?mewhere offroad  
You won't find us at no bar  
I'll tell you right where we are? where, no rules  
Crack a Bud Light, get into the groove  
Dancing in the middle of the night in the middle of a field  
Just turning it loose  
Well yeah, that's us  
Don't need a downtown to get to tearing it up  
Round here, just watching the stars get bright  
Setting the night on fire, on fire, on fire  
Setting the night on fire, on fire, on fire  
Girls showing up late as always  
It's a party  
Cut off sun dresses, they're ready to go  
Don't need no dance road tonight  
Just country music and good times? where, no rules  
Crack a Bud Light, get into the groove  
Dancing in the middle of the night in the middle of a field  
Just turning it loose  
Well yeah, that's us  
Don't need a downtown to get to tearing it up  
But here just watching the stars get bright  
Setting the night on fire, on fire, on fire  
Setting the night on fire (on fire), on  
fire (on fire), on fire (on fire)? you won't find us at no bar  
I'll tell you right where we are  
? where, no rules  
Crack a Bud Light, get into the groove  
Dancing in the middle of the night in the middle of a field  
Just turning it loose  
Well yeah, that's us  
Don't need a downtown to get to tearing it up  
But here, just watching the stars get bright  
Setting the night on fire (on fire), on  
fire (on fire), on fire (on fire)  
Setting the night on fire (on fire), on  
fire (on fire), on fire (on fire)  
Yeah

Setting the night ?n fire?n fire
