

# Trust (feat. Isabella Manfredi)

Flume

And I owe you  
And I better make it and not go back  
And I owe you  
And I better make it and not go back  
And I'd kill to  
Kick my beat back into you  
Hear me out, babe, I wanna talk about it  
Kick my beat back into you And I'd kill to  
See my lips out next to you  
Hear me out, talk, I wanna talk about it  
Kick my beat back into you  
And I'd kill to  
Kick my beat back into you  
Hear me out, talk, I wanna talk about it  
Kick my beat back into you  
I wanted to  
But I'm going slow  
I wanted to  
But I'm going slow (Here's something I should have said a long time ago)
