

# Motionless (feat. Seri)

## Project 46

I feel your touch from across the room  
I taste your energy  
I see a light that I never knew  
You overtaking me  
Mesmerized, paralyzed, when your eyes find mine  
That's when you leave me  
Motionless, the world drifts around me  
Motionless, I feel you inside me  
Motionless, motionless  
I feel motionless  
Mesmerized, paralyzed, when your eyes find mine  
That's when you leave me  
Motionless, the world drifts around me  
Motionless, I feel you inside me  
Motionless, motionless  
I feel motionless
