

Motionless (feat. Seri)

Project 46

I feel your touch from across the room
I taste your energy
I see a light that I never knew
You overtaking me
Mesmerized, paralyzed, when your eyes find mine
That's when you leave me
Motionless, the world drifts around me
Motionless, I feel you inside me
Motionless, motionless
I feel motionless
Mesmerized, paralyzed, when your eyes find mine
That's when you leave me
Motionless, the world drifts around me
Motionless, I feel you inside me
Motionless, motionless
I feel motionless
