

# Colour Me

## Dot Allison

Now I'm sliding  
It's intriguing  
So young yet  
Too old to learn That summer is the thirst  
The river always runs dry first You're in heaven  
This is heaven now  
You're in heaven You're in heaven  
This is heaven now  
You're in heaven As the tides they  
Draw and close  
And the seasons  
Turn again  
Will the moon still  
Wax and wane?  
Will you always  
Colour the day? You're in heaven  
This is heaven now  
You're in heaven You're in heaven  
This is heaven now  
You're in heaven Now I'm sliding  
It's intriguing  
This is heaven now)  
So young yet  
Too old to learn That summer is the thirst
