

# I've Been Thinking (feat. Cat Power)

## Handsome Boy Modeling School

Be my boy, be my boy  
Be my boy, be my boy Be my boy, be my boy  
Be my boy, be my boy I've been thinking about those things you said  
I've been thinking about those things we did  
I've been thinking about those things you do  
I've been thinking about those things you made me do too I've been thinking about those things  
you said  
I've been thinking about those things we did  
I've been thinking about those things you do  
I've been thinking about those things you made me do too I was hypnotized  
By your fairy eyes  
Like a tiger in the dark  
You were hungry from the start  
Be my boy, be my boy  
Be my boy, be my boy Diamonds, candy pills  
One million dollar bills  
You can try  
But you can't buy me, buy me Diamonds, candy pills  
One million dollar bills  
You can try  
But you can't buy me You can slide slide  
Slippity slide  
Hip hop  
And don't stop  
I'll never be  
On my knees  
You can slide slide  
Slippity slide  
You can hip hop  
And don't stop  
'Cause I'll never be  
On my knees When I saw you on the street  
I just had to look away  
You were so sweet  
Sexy Steve  
Lay back relax  
Street boy please  
Wait a second it's gonna take awhile Slide slide  
Slippity slide  
You can hip hop  
And don't stop  
I'll never be

On my knees You can slide slide  
Slippity slide  
You can hip hop  
And don't stop  
I'll never be  
On my knees I've been thinking 'bout  
Why you act so proud  
I've been thinking 'bout  
What's this shit about  
Am I losin' control  
Am I losin' my soul  
Just tell me am I losin' you Be my boy, be my boy  
Be my boy, be my boy Be my boy, be my boy  
Be my boy, be my boy Diamonds, candy pills  
One million dollar bills  
You can try  
But you can't buy me You can slide slide  
Slippity slide  
You can hip hop  
And don't stop  
'Cause I'll never be  
On my knees You can slide slide  
Slippity slide  
You can hip hop  
And don't stop  
'Cause I'll never be  
On my knees I've been thinking 'bout  
I've been thinking about  
I've been thinking 'bout  
I've been thinking about  
Losing you
