

# Love Don't Let Me Go (Main Mix)

David Guetta, Joachim Garraud & Chris Willis

I can't be all that you wanted  
But I could be all that you need  
When you get close to me I lose control  
And now that you're far away  
I lost it all Don't let me go We used to breathe in the silence  
Your hands drew all over me  
I found comfort in your words and lost control  
And now that you're far away  
I lost it all  
So don't leave me here on my own  
Without you I'm so lost  
Without you I'm so cold  
So don't leave me here on my own  
Without you I'm so lost  
Without you I'm so cold
