

# City Boy

## Calpurnia

When I walk around my room  
There is nothing else to say  
When I walk around my room  
Everything will be okayOw-uh! I am a city boy  
You are a city girl  
City tool  
I am a city fool  
I am a  
City boy  
City boy1, 2, 3, 4!When you have an artistic view  
It'll rub off, take it  
When you answer to a bunch of dudes  
You should run away  
I am a city boy  
You are a city girl  
I'll take a city tool  
I am a city cool  
I am a  
City fool  
I am a  
City fool  
I am a, I am a  
City fool  
I am a, I am a  
City, city fool
