

Here Comes Goodbye

Rascal Flatts

I can hear the truck tires coming up the gravel road
And it's not like her to drive that slow, nothings on the radio
Footsteps on the front porch, I hear my doorbell
She usually comes right in, now I can tell
Here comes goodbye, here comes the last time
Here comes the start of every sleepless night
The first of every tear I'm gonna cry
Here comes the pain, Here comes me wishing things had never changed
And she was right here in my arms tonight, but here comes goodbye
I can hear her say I love you like it was yesterday
And I can see it written on her face that she had never felt this way
One day I thought I'd see her with her daddy by her side
And violins would play here comes the bride
But here comes goodbye, here comes the last time
Here comes the start of every sleepless night
The first of every tear I'm gonna cry
Here comes the pain, Here comes me wishing things had never changed
And she was right here in my arms tonight, but here comes goodbye
Why does it have to go
from good to gone?
Before the lights turn on, yeah and you're left alone
All alone, but here comes goodbye
Oh-oh-oh-oh
Here comes goodbye, here comes the last time
Here comes the start of every sleepless night
The first of every tear I'm gonna cry
Here comes the pain, Here comes me wishing things had never changed
And she was right here in my arms tonight, but here comes goodbye
