

Livin' in a Dream (feat. Nipsey Hussle)

The Neighbourhood

Dream, where everybody loves me
Living in a dream world, how'd I get so lucky?
So tell me how you feel (tell me, tell me, tell me)
Oh baby, is everything real? (tell me, tell me, tell me)
I got nothing to lose (tell me, tell me, tell me)
To lose, I got nothing to prove
Nothing to you Moving at a mile in a minute
Set the pace, I'm going over the limit
Always wondered what I've been missin'
The chequered flag doesn't mean that you're finished, oh
I got everything that I wanted
I built myself a house on the hill
I'ma passion fulfilled, saw it fast like a fill
All they sad is a guilt, now I just wanna chill
But I can't, [?] tens and try land
Swimming on a [?] hands
Money in my pocket still be watering my pants
O.A.C., in the great I got plenty offense
Said I love you too, still
Reach third stars and a hit the move
Now everytime I look at you
Feels like like déjà vu
Uh
Living in a dream
Where everybody loves me (everybody loves me)
Living in a dream world
How'd I get so lucky? (how'd I get so)
So tell me how you feel Uh, I feel like a legend in these boomers sways
I'ma still Mac Milliar when his music fade
Reevent everytime the music change
And God helped me feeling like I knew the way
I feel like I spoke for my generation
All game and my demonstration
To my gang, I'm a different greatness
Pay fuse, never miss the payment
Stay true, now that's entertainment
Feel like I'm built for whenever storn
Whatever gang, testing what ever form
War in blind times that they never saw
I feel like I stand tall and I can never fall (yeah)
I feel like a 101 (ah)
Like the last dough boy in the gang with a hunnid tons (yeah)

Two pocket I got trouble sending boosy badass
Drop the bag on you niggas if I want it done
Living in a dream
Where everybody loves me (everybody loves me)
Living in a dream world
How'd I get so lucky? (how'd I get so)
So tell me how you feel
Now that war is over
Can't get any over
