

# Kiss

## Heartsrevolution

Sooner or later, I'm gonna get you  
Sooner or later, I'm gonna let you down I need you, I need you, I need you, I need you, I need  
you Tonight I see that it's become apparent  
That well you and I, we have lost our direction  
And keeping it up at the same intersection  
Hey will you listen to me? So cuddle up to me if you say that's what you mean  
That you walk away and everywhere I see the way you smile  
I watch you walk away and I don't want anyone to see  
A kiss, a kiss, a kiss, a kiss  
Finally it's killing my spirit  
Honestly I think it's gonna drive me crazy  
A part of me, a part of me is lost  
I hope that you remember her, she's never coming back, no no  
I don't want to hear the things that you're saying, no no  
I don't want to play the games that we're playing, no no  
Sooner or later we just gotta get our name on em all  
I'll be your baby, I just hope we get forever So cuddle up to me if you say that's what you mean  
That you walk away and everywhere I see the way you smile  
I watch you walk away and I don't want anyone to see  
A kiss, a kiss, a kiss, a kiss You said you took in the wrist that you lost  
Every heart you broke and the reasons that caused it all  
No questions asked when you're so sabotaging  
And I don't want to hear about the way things are  
Cause I don't believe them now  
And I don't want to hear about the way things were  
It's some kind of wonderful So cuddle up to me if you say that's what you mean  
That you walk away and everywhere I see the way you smile  
I watch you walk away and I don't want anyone to see  
A kiss, a kiss, a kiss, a kiss I don't want to be the one to tell you that we're young, no I don't  
want to be the one It's really not a lot, it don't matter what you say on the phone  
And I just like to fight so we can kiss and make up So cuddle up to me if you say that's what  
you mean  
That you walk away and everywhere I see the way you smile  
I watch you walk away and I don't want anyone to see  
A kiss, a kiss, a kiss, a kiss Sooner or later, I'm gonna let you down
