

# Ready To Roll

Blake Shelton

Girl, I've been at work all week  
Fingers to the bone  
I need a little hit of you and me  
And a little time alone All day I've been thinking 'bout  
Quitting early, skipping out  
And hauling ass to hit the couch  
And hang with you at home We got some laid back country tunes  
On the radio  
We gonna burn all afternoon  
Like it's something to smoke We got a whole lot of nothing to do  
And nowhere to go  
So baby, I don't know about you  
But I'm ready to roll  
Let other fools go paint the town  
We'll just hold this sofa down  
'Til Monday morning rolls around  
I'll tell you what let's do You go grab 'em tater chips  
I'll whip up some party dip  
And we'll kick back and take a trip  
And sip a beer or two We got some laid back country tunes  
On the radio  
We gonna burn all afternoon  
Like it's something to smoke We got a whole lot of nothing to do  
And nowhere to go  
So baby, I don't know about you  
But I'm ready to roll  
Yeah, we got some laid back country tunes  
On the radio  
We gonna burn all afternoon  
Like it's something to smoke We got a whole lot of nothing to do  
And nowhere to go  
So baby, I don't know about you  
But I'm ready to roll Yeah, I'm ready to roll  
I'm ready to roll
