

We're Not In Kansas Anymore

I See Stars

We are dark
The way the night stretches over the sun
And we're up to no good
Yeah we're up to no good
No we won't go peaceful
There is no excuse for the way that we live
Yeah we're up to no good
No we won't go peaceful Will you release me, my friend
There's nowhere to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back
My dangerous thoughts
959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key (Throw out the key)
Throw out the key
I'm afraid I've been locked away We are dark
The way the night stretches over the sun
And we're up to no good
Yeah we're up to no good
No we won't go peaceful
There is no excuse for the way that we live
Yeah we're up to no good
No we won't go peaceful
Will you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back
My dangerous thoughts
There's no where to run or hide
Getting lost in the depths of my mind 959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key (Throw out the key)
Throw out the key
I'm afraid I've been locked away Don't look back Don't look back
Get me the hell away from here
You don't know you're free, until you're locked away
Even just for a day
I tell you I'm not the man I used to be
