

Stevie Nicks

Texas Hippie Coalition

Yeah she be hangin' with weed-smokin' outlaws
That girl you know, she always down for the cause
She run her mouth, yeah she like Jack in her jaws
She come from the sticks out past my old pawpaw's
Why's a witch gotta be so pretty
That wicked girl, she cast a spell on me
Why's a witch gotta be so sexy
That wicked woman, she put a spell on me
She got a voice, yeah that girl she can sing
No tellin' the pleasures that sweet thing can bring
She likes to spank her ass with that tambourine
Mumblin' words like some voodoo queen
Why's a witch gotta be so pretty
That wicked girl, she cast a spell on me
Why's a witch gotta be so sexy
That wicked woman, she put a spell on me
No you done gone and got tongue tied and tipsy
Look at you girl, dancin' like a gypsy
You pull close and you let your lips kiss me
Told me you was leavin' and that you're gon' miss me
Showin' off her tattoo of a crucifix
Spinnin' round dancin' like she's Stevie Nicks
She likes them long hairs with them guitar picks
She been known to get crazy, hang with the Hippie Chicks
Why's a witch gotta be so pretty
That wicked girl, she cast a spell on me
Why's a witch gotta be so sexy
That wicked woman, she cast a spell on me
