

The Time Warp (Northernbeat Radio Edit)

Damian

It's astounding — Time is fleeting
Madness takes its toll
But listen closely — not for very much longer
I've got to keep control.
I remember doing the time warp
Drinking those moments when
The Blackness would hit me — The void would be calling.
CHORUS:
Let's do the Time Warp again
Let's do the Time Warp again
It's just a jump to the left
And then a step to the right
With your hands on your hips
You bring your knees in tight
But it's the pelvic thrust
That starts to drive you insane
Let's do the Time Warp again
Let's do the Time Warp again
It's so dreamy — oh fantasy free me
So you can't see me — no not at all
In another dimension — with voyeuristic intention
Well secluded — I'll see all
With a bit of a mind flip — you're there in the time slip
Nothing can ever be the same
You're spaced out on sensation
Like you're under sedation
Let's do the Time Warp again
Let's do the Time Warp again
Well I was walking down the street
Just having a think
When a snake of a guy gave me an evil wink
Well it shook me up, it took me by surprise
He had a pick up truck and the devil's eyes
Oh — he stared at me and I felt a change
Time meant nothing — never would again
CHORUS
