Village People

Women!
Women, all around the world
Women, look up to you girl
You are the leader, sweeter
Than??
I know that New York city is where you go
New York city is your homeManhattan woman
You are so fine
Manhattan woman
Ooh, wee, I love your kind
Manhattan woman
You look so good
Manhattan woman
You're the one having funWoman, you shop everyday
You like to look good
So good.??I know that money, honey,
Always makes a smile
You'd like to eat her
Meet her, party for a while
You'd like to eat her
Meet her, I just love your styleManhattan woman
You are so fine
Manhattan woman
Ooh, wee, I love your kind
Manhattan woman
You look so good
Manhattan woman
You're the one having fun
