

# Bottle It Up

Sara Bareilles

There'll be girls across the nation that will eat this up  
Babe, I know that it's your soul but could you bottle it up and  
Get down to the heart of it, no it's my heart you're out of your luck  
Don't make me tell you again my love love love love.  
Love love love love. I am aiming to be somebody this somebody trusts with her delicate soul  
I don't claim to know much except soon as you start to make room for the parts  
That aren't you it gets harder to bloom in a garden of love love love love  
Love Love love love  
Only thing I ever could need, only one good thing worth trying to be and it's Love  
Love  
Love  
Love  
I do it for Love  
Love  
Love  
Love We can understand the sentiment you're saying to us oh,  
But sensible sells so could you kindly shut up and get started  
At keeping your part of the bargain aw please little darlin'  
You're killing me sweetly with love, love love love  
Love love love love Only thing I ever could need only one good thing worth trying to be  
Love  
Love  
Love  
Love  
I do it for Love  
Love  
Love  
Love Started as a flicker meant to be a flame  
Skin has gotten thicker but it burns the same  
Still a baby in a cradle got to take my first fall  
Baby's getting next to nowhere with a back against the wall.  
You meant to make me happy make me sad.  
Want to make it better better so bad.  
But save your resolutions for your never new year  
There is only one solution I can see here. Love you're all I ever could need only one good thing  
worth trying to be and it's  
Love  
Love  
Love  
Love  
I do it for love, love, love, love  
Oh, only gonna get get what you give away, so give love, love

Only gonna get get what you give away  
Love
