High Hopes

Paolo Nutini

My hopes are high But my eyes can't believe what they see, no Oh, give me something to believe Give me something to believeOh, I've got lucky in life and had plenty to eat And I saw this world as one big pool of opportunity Oh but there's too much mind corruption Too little remedy or that's how it seems to me Yeah, we need a moral education to set the young minds free So let us change what we can and accept what we can't And impart some of the wisdom from that tried and tested man Oh, there's no harm in being wrong, you know, no In fact to me, it's common ground, yeahSo take that feather from you cap, sir And pass that feather aroundMy hopes are high But my eyes can't believe what they see Oh, give me something to believe in Give me something to believe, yeah Oh, my hopes are high But my eyes can't believe what they see Oh, my hopes are high Oh, give me something Give me something to believe
