

Doctor, Doctor

R5

I've just come to realize
the fire in your eyes for me
And baby all these little sparks
ignite until I just can't breathe
And time
and time
And time
and time
And time again
I'm lying in the dark
and wonder where you are
I'm tryna
Tryna
tryna find the medicine
Straight into my heart
it's tearing me apart
I'm screaming
doctor!
doctor!!!
Bottle it up
I'm a believer
believe me
This love is a drug
uh uh uuh
I'm dying
I can't get enough
I'm screaming
doctor!
doctor!!!
Bottle it up
uoh u uooh
uoh
uh-uh
uoh
uoooh
uh-uh
I haven't slept a couple nights
Been staring at the ceiling again
The side effect I know too well
I'm addicted to the feeling
And time
and time
And time
and time
And time again
I'm living in a dream
or somewhere in between
I'm tryna
Tryna
tryna
find the medicine
It's everything I need
you're the remedy

I'm screaming
doctor!
doctor!!!
Bottle it up!
I'm a believer
believe me
This love is a drug
uh uh uuh
I'm dying
I can't get enough
I'm screaming
doctor!
doctor!!!
Bottle it up
uoh u uooh
