

While We're Young

April March

Say it's time for love,
It's time for thrill,
And an adventure.Say you'll drive me away,
Fast on the cliffs,
And we'll be in danger.Tell me they'll be no fear
As we walk to the edge,
Stare at the void
While we're youngDrive me out to the bluff
Where only love's chosen goLove's eternal roar
is hiding... [undiscernible]
say its time for love
its time for thrill
and an adventuresay you'll drive me away
fast on the cliffs
and we'll be in dangerTell me they'll be no pain
We'll never grow old
The sun will expire
In our embraceGreen and gold and life
Guide us on our speedy flight.
Beyond the wheels is black
So tell me we'll never turn back.Say it's time for love,
It's time for thrill,
And an adventure
Say you'll drive me away
Fast on the cliffs
and we'll be in dangerTell me they'll be no fear
As we walk to the edge
Stare at the void
While we're young
...while we're young...
...while we're young...
