

# I Wanna Go

Mase

Hey i juss wanna see you doin good  
From the first day i met you, i knew you was special  
You had lot of drama but i used to protect you  
When you was nieve, yo i could not let you  
Do a lot of things, so i had to correct you  
You thinkin if you juss went left, instead of right  
Right now what would your life be like  
And me, you know i love the good life  
And you, i know you hate the hood life  
I watch you, as you turn and turn  
And burn and burn from all your decisions  
You could be a christian, rich somewhere  
But you aint tru to listen, so get somewhere  
Itz never to late til itz to late, right now,  
You is wit me, you be livin in a new state  
Ridin around with new plates, livin in a new place  
But you couldnt tell your crew, wait  
[hook]  
I wanna go back to the days  
You used to say when you were lovin me  
And i was lovin you  
I wanna go  
Cuz i would do many things so differently  
Baby me and you, would still be together  
Wanna go back to the days  
You know i see you on the beach, feed her rose petals  
I tell you the truth, but then you wanna go settle  
A girl, like you is on another whole level  
Try to move you out that hood, but you scared to leave the ghetto  
I told you, anything you say you can have it  
With me, i always spend a million on my fabric  
Establish and lavage, karats since i have it  
Im married, and i dont mean i want you looking average  
I thought you known that, take you where your zone at  
Peeps, in the street talkin like they own that  
I talk truth, but they only want facts  
When you wanna do right, you know where your homes at  
I tell you wadel lennex, that mean wait a minute  
Bracelet tennis, face then you finish  
And just because you're not my girl  
That doesnt mean you alone in this world  
[hook]  
I wanna go back to the days  
You used to say when you were lovin me

And i was lovin you  
I wanna go  
Cuz i would do many things so differently  
Baby me and you, would still be together  
Wanna go back to the daysIm in love with a girl named Twyla  
Im in love with a girl from mississippi named Twyla  
Im in love with a girl named Twyla  
Im in love with a girl named Twyla Betha  
Twyla Betha, i said Twyla Betha, Twyla Betha  
You know im in love  
Im in love with a girl named Twyla  
Im in love with a girl from mississippi named Twyla[hook]  
I wanna go back to the days  
You used to say when you were lovin me  
And i was lovin you  
I wanna go  
Cuz i would do many things so differently  
Baby me and you, would still be together  
Wanna go back to the daysIm in love with a girl named Twyla  
Im in love with a girl from mississippi named Twyla  
Im in love with a girl named Twyla  
Im in love with a girl named Twyla Betha  
Twyla Betha, i said Twyla Betha, Twyla Betha  
You know im in love  
Im in love with a girl named Twyla  
Im in love with a girl from mississippi named TwylaI wanna go back to the days  
You used to say when you were lovin me  
[fades]
