

Selfish

Dimitri Vegas & Like Mike & Era Istrefi

I don't mind you hanging
With your friends
It's just I like it more When the party ends
So we can turn the lights down,
You and me now
With you every day
Is like a weekend
I know they wanna
Steal your heart away
So I just wanna keep
You here with me
I'm never gonna let go,
Wanna stay close
Let me do it just
How you want it
I want you all to myself
I want you all to myself
Your body is turning me reckless
Oh baby, you're making me selfish
I want you all to myself
I want you all to myself
Your body is turning me reckless
Oh baby, you're making me selfish You make me, you make me
You make me selfish
You make me, you make me
You make me selfish
I don't mind you
Making other plans
It's just I like it more
When they don't happen
So we can order takeout,
Chill on my couch
Got me looking good
In my sweatpants
Bitch you're not no
Posh up town events
Pulling fake actors no offense
I just wanna wake up
With my make-up
Smear'd on your sheets
Making no sense I want you all to myself
I want you all to myself

Your body is turning
Me reckless
Oh baby, you're making
Me selfish
I want you all to myself
I want you all to myself
Your body is turning
Me reckless
Oh baby, you're making
Me selfish You make me, you make me
You make me selfish
You make me, you make me
I want you all to myself I don't mind you
Hanging with your friends
It's just I like it more
When the party ends
It's just I like it more
When the party ends
I want you all to myself I want you all to myself
I want you all to myself
Your body is turning
Me reckless
Oh baby, you're
Making me selfish
I want you all to myself
I want you all to myself
Your body is turning
Me reckless
Oh baby, you're
Making me selfish
