

Submission

Ash

You turn me on
You turn me on
You turn me on
You turn me onYou turn me on
You turn me on
You turn me on
You turn me onYou turn me on
You turn me on
You turn me on
You turn me onYou turn me on, turn me on
You turn me on, turn me on
You turn me on
Sink into warm flesh
I want to taste your skin
Want to see you undressed
And see you shake your thingYou're bound and helpless
And burning from within
There for the taking
I want to hear you singYou turn me on
You cut me with your tongue
You take it all on
SubmissionYou turn me on
You cut me with your tongue
You take it all on
Submission
There's nothing I won't do
Even if it's wrong
To please you
That's where I'm coming fromYou warp my senses
You're coming on so strong
I gotta go down
I gotta get it onYou turn me on
You cut me with your tongue
You take it all on
SubmissionYou turn me on
You cut me with your tongue
You take it all on
SubmissionSubmission
SubmissionSink into warm flesh
You got me in a daze
You give me fever
You hold me in your swayYou're my addiction

For you I'd take the pain
You feel the friction
And take it all the way You turn me on
You cut me with your tongue
You take it all on
Submission You turn me on
You cut me with your tongue
You take it all on
Submission You turn me on
You cut me with your tongue
You take it all on
Submission You turn me on
You turn me on
You turn me on
You turn me on You turn me on
You turn me on
You turn me on
You turn me on You turn me on
You turn me on
You turn me on
