## The Time

Baby, what's your phone number?  
I know I'm kinda fast, but I hate to waste time.  
Baby, what's your phone number?  
Girl, I have to ask cuz you're so fine.777-9311 - I wanna spend the night with you if that's  
alright.  
777-9311 - Ooh baby, please can I come tonight?Baby, what's your phone number?  
How can you be reached on a lonely night?  
Baby, what's your phone number?  
How can I get into you when I'm feeling right?777-9311 - I wanna spend the night with you if  
that's alright.  
777-9311 - Ooh baby, please can I come tonight?Ain't nothin' worse than rejection?  
I'd feel a little better if you'd slapped my face.  
Hey, what's your phone number?  
Can't you see the agony I'm goin' through?  
Baby, what's your phone number?  
Girl, it's getting hard baby, won't you let me love you?777-9311 - I wanna spend the night with  
you if that's alright.  
777-9311 - Ooh baby, please can I come tonight?Hey baby, what's your phone number?  
I know it sounds fast, but I ain't got all night.  
Come on baby, what's your phone number?  
You know I got to be cooler than this cat you're sittin' with.  
I'll do you right, baby. Come on!777-9311 - I wanna spend the night with you if that's alright.  
777-9311 - Ooh baby, please can I come tonight?Come to night, if it's alright.  
Honey, please can I come to night?  
Can't you see what I'm gonna do?  
I wanna do it to night, baby. I wanna do it to you.  
It's on fire, you burn me out.  
It's getting higher, you know what I'm talkin' about.  
Help me out good Lord above.  
Marry me girl, give me some of that love.
