

Car

Porches

I pull up the car
And I let it run
It takes us away from where we are
Oh ohh the machine
Oh ohh the machine
Oh ohh the machine
Ohhhhh
If I lay in salt
Will it be complete?
Let the salt carry it away from me
Oh ohh the machine
Oh ohh the machine
Oh ohh the machine
Ohhhhh
I devote my heels
Deep into the fields
It tells me just how I should really feel
Oh ohh the machine
Oh ohh the machine
Oh ohh the machine
Ohhhhh
