We Come Together (feat. Sue McLaren)

Paul van Dyk

It begins a single road Up ahead are many turns Every curve it brings me hope Every mile you live and learnMany paths are crossing over Passengers along the way We're the spark until the forces Come together Makes a flame Side by side Strong as stone We all walk on Together Side by side Unite as one We are one voice TogetherUnited we stand Divided we won't fall But when we get the call We come together Side by side Strong as stone On and on
