

My Forbidden Lover

Dead or Alive

My Forbidden Lover
My Forbidden Lover People say you're a devil in disguise
I don't care just tell me all your sweet lies
Usually I do not like your kind
I want your body, don't care about your mind You're my forbidden lover
Got no time for any other
Everyone would have a love that they keep secret, yeah
You're my forbidden lover
Got no time for any other
Pin my heart upon your sleeve and you can keep it.
Every time you walk out of the door
I hope you'll hurry back
You got me wanting more.
When we love, I'm really in a groove
The way you kiss kiss kiss kiss
You make my body move When you are near and we're together
You're love takes me to heaven You're my forbidden lover... Money can't buy what you got
What you got I've got to have
You really take me to the top,
With your love. Take me to heaven You're my forbidden lover...
