

# So Obvious

Pusha T

I see you supplying the streets  
I'm supplying the hits  
These niggers been feeding from  
this shit!  
Pusha!  
In one short year I've turned  
dreams in nightmare  
Let the guards of the game know  
I'm right here  
Till you knew mother fuckers...  
right here  
I had it all, so be careful on that  
tight rope  
I inspire all the rappers that you  
might quote  
Looking down on you niggers  
like white folks  
You're entitled to believe all your  
high hopes  
When you can fool anybody with  
the right hopes  
Let you see through an  
emotional clean tomb  
With no pillow, you're just selling  
the dream tomb!  
Weakest niggers blowing shuts I  
just lean through 'em  
I just laugh at 'em fuck the...  
I just wanna flip it  
I just wanna sell it  
I just wanna flip it  
I just wanna sell it  
It's so obvious,  
In my clothes you can smell it!  
Take a glimpse of my life as I  
walk through it  
Holler everywhere like I drag the  
chalk through it  
This catty queen a pin house as  
I . view it  
Hit the jack pot, bull's eye ...  
through it

Music I talk through it, is an art to  
it  
Let the critics praise, let the  
charts do it  
As I burn through this money, no  
thoughts to it  
...save a child, but I ain't up to it  
I just shop through it, cooking  
chef through it!  
Move heavy dead, I should walk  
through it  
We got our own thing, drop the  
top to it!  
This is black music, ....I just wanna flip it  
I just wanna sell it  
I just wanna flip it  
I just wanna sell it  
It's so obvious,  
In my clothes you can smell it!  
I'm so raw, running from the love  
A nigger got rich from what he  
snort through his throat  
He erased the bar, chain, no  
flaws  
He said it's. when I let, my neck...  
In a two door, no... on a car  
The hater is so thick, you can cut  
it with a saw  
See what I saw, the best getting  
better  
.can't touch, I'm a mother fucker  
leper  
Cute dogs stepper...  
K I L L I'm just waiting on a letter  
Ohm there it is, let the triple D  
mission  
We're ... the game, and we're  
betting whatever! I just wanna flip it  
I just wanna sell it  
I just wanna flip it  
I just wanna sell it  
It's so obvious,  
In my clothes you can smell it!  
You hidden nigger can't see me  
Playing with dash ...  
Wash your teeth...
