

My Song (feat. Clare Bowen & Sam Palladio)

Nashville Cast & Brandon Robert Young

Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Don't try to change my melody,
Make me dance a different beat,
Cause this is where I belong. Heaven knows that I can't see,
Listen to the sound of my own heartbeat.
I'm tempted by the brightest star.
They call my name but they're still too far. Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Don't try to change my melody,
Make me dance a different beat,
Cause this is where I belong.
When all the lights turn to dark inside of me,
They grow a spark.
It made a fire,
The flames got higher.
Can't stop it now.
This is my time. Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Every time I close my eyes I see that fire. Don't tell me I can't sing
this song,
Tell me that I've got it wrong,
Cause this is where I belong.
Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong. Don't tell me I can't sing this song,
Tell me that I've got it wrong,
Cause this is where I belong.
This is where I belong.
Oh, this is my song.
