

# Too Good to Be True (feat. Machine Gun Kelly)

## Danny Avila & The Vamps

You're way to good to be true  
You're way to good to be true The way that you move  
You take me to heaven  
The things that you do  
You've got me confessin'  
(Got me confessing)  
You fell from the sky  
Type of perfection  
Is this real life?  
(Is this real life?)  
Something about you  
You're way to good to be true  
You're way to good to be true  
Oh oh oh oh, oh oh oh oh  
You're way to good to be true  
You're way to good to be true  
Oh oh oh oh, oh oh oh oh Oh no, baby don't lie  
When you say that you'll be mine  
I can't look in your eyes  
'Cause I fall a thousand times  
And all I want is you to testify, oh oh  
Also baby don't lie  
When you say that you'll be mine You're way to good to be true  
You're way to good to be true  
I don't go to church  
So be my religion  
I'm haunting your words  
Give me something to believe in You're way to good to be true  
You're way to good to be true  
Oh oh oh oh, oh oh oh oh Oh no, baby don't lie  
When you say that you'll be mine  
I can't look in your eyes (in your eyes)  
'Cause I fall a thousand times  
And all I want is you to testify, oh oh  
(All I want is you)  
Also baby don't lie  
When you say that you'll be mine You're way to good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true You're way to good to be true

You're way to good to be true  
Gunner  
I shut down for you  
I go ahead, I don't live and drown for you  
They should be crowning you, 'cause  
You're way to good to be true  
Hold up, hold up, ay  
Please don't hesitate  
Take me while there's still something left to take  
Baby, you're all that I crave  
Tell me how many days do I have to chase you?  
Do I have to chase?  
Before I taste you  
Before I could taste?  
I can't escape you  
Cannot escape  
Baby you're way too good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true  
You're way to good to be true
