

# Girl On Fire

Arshad

They don't own me  
I'm not a piece in their game  
Can't control me  
They're the only ones to be blamed  
I'll never breakdown  
I won't give up this fight  
I'll give them nothing  
Nothing Nothing  
ohhh ohhh ohhh ohhh  
Just one kiss and I will be hooked to her fire  
Her flames are surrounding me now  
As we watch as they light up the sky  
We must stand up and fight  
Cause this love is not a game to me  
We'll survive  
And start an uprising  
You can ignite (you can ignite)  
Stand and fight (stand and fight)  
Don't cave in (don't cave in)  
So Let the Games begin Oh Woah Notice me cause I've been here all along  
I've been waiting  
Since you sing me your song  
It's our moment to turn things around  
And show them something  
With nothing, With nothing  
And now our star-crossed love has materialized  
We've locked our fate right here right now Just one kiss and I will be hooked to her fire  
Her flames are surrounding me now  
As we watch as they light up the sky  
We must stand up and fight  
Cause this love is not a game to me  
We'll survive  
And start an uprising  
You can ignite (you can ignite)  
Stand and fight (stand and fight) Don't cave in (don't cave in)  
Let the Games begin  
Oh Woah She doesn't know  
The effect she can have  
No she, (no she) doesn't know (doesn't know)  
The effect she can have Just one kiss and I will be hooked to her fire  
Her flames are surrounding me now  
As we watch as they light up the sky

We must stand up and fight  
Cause this love is not a game to me  
We'll survive  
And start an uprising  
You can ignite (you can ignite)  
Stand and fight (stand and fight)  
Don't cave in (don't cave in)  
Let the Games begin  
Oh Woah
