

Stay With Me

Amos Lee

One by one we watch them fall
Like trees on the country side
Yeah, you stayed right with me, babe
To wave off the rolling tideAre you stayin'?
Stay with me
Are you stayin'?
Stay with meAll through every broken bone
Oh, how you watched them heal
Now you never turned away
You were never afraid to feel
Are you stayin'?
Stay with me
Are you stayin'?
Stay with meWhoa, and when the morning comes
Just know, darling, I've had every moon onOh, and when the winter comes
Whoa, and you can't decide
For your rabbit to run
Or your rabbit to hideStay
Stay with me
Will you stay?
Stay with me
Will you stay?
Stay with me
Will you stay?
Stay with meWill you stay?
Stay
