Fell in love, I fell in love

Got a squad now, got a drop now
She club hoppin', jewelry shopping
Girl you shinin', girl you fine
Yeah, you fine as wine, frozen like diamonds (dime piece)

I treat you like my last dime

Go broke, no joke
I cut these hoes off
I kill the roll call
I put the doors up,

She like to show off

Them bitches sleepy,

Them bitches dosed off

I put a ring on it, it ain't got a ring to it On my knees for you, watch me do how he ain't do it I cannot speak for you, but I know that he ain't fluent

I speak your language,
He don't tell you things do he?
Like "Girl, you dangerous"
Girl I ain't seen beauty, not 'til I seen you
Don't you cheat like Queen do

Yeah, yeah, yeah Let me sing to you

Let this be the theme musicI fell in love, fell in love

But that's okay, 'cause we in love

Oh my God, fell in love

I fell in love, with the love

Show me love, now give me love

Fell in love, I fell in love

I want in, for the love

Just show me love, just show me love

I fell in love, I fell in love

And that's okay, 'cause I'm in love
