

# Candy Store

## Faber Drive

I can't wait another night to see you  
Gotta satisfy my sweet tooth A little like reeses fallin' into pieces  
Tell me there's a way to do this  
I just wanna kiss your hot lips  
girl you make me melt like chocolate  
Jaw breaker you got? the kiss and i wanna savour  
oh  
Life saver you're my life saver  
oh You got the love with the thousand flavours  
oh and I really want more oh  
I know your love is such a sugar rush and I can never get enough  
I'm like oh and I really want more oh  
yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store  
Baby I'm love sick  
I just gotta get my next fix  
Pour a little sugar on this  
heart breaker  
You? be the dough and I'll be the baker  
Mr. Christie never knew  
a recepie as hot as you  
You're Rihanna I'm Eminem  
Melts in your mouth, not in your hands  
oh  
Life saver you're my life saver oh  
You got the love, you got the good flavour  
oh and I really want more oh  
I know your love is such a sugar rush and I can never get enough  
I'm like oh and I really want more oh  
yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store  
I can't wait another night to see you  
Gotta satisfy my sweet tooth Life saver you're my life saver  
You got the kiss with the thousand flavours  
oh and I really want more oh  
I know your love is such a sugar rush and I can never get enough I'm like oh and I really want  
more oh  
yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store  
oh and I really want more oh  
I know your love is such a sugar rush and I can never get enough  
I'm like oh and I really want more oh

yeah honey you're the sweetest thing I've ever seen before  
I'm like a kid in a candy store
