

# Money Make Ya Handsome

## Gucci Mane

They love me for one thing  
So I'ma keep some money  
They love me for one thing  
So I'ma keep some money It's really gettin' outrageous, they stalkin' all my pages  
They runnin' on the stages, and they say that I'm the greatest  
They used to call me ugly, but now they say I'm handsome (wow)  
I pull up in that Phantom, she took my dick for ransom  
I said I was the greatest, some people call me crazy  
A lot of people hate me, but still they imitate me  
This watch here cost an eighty, Guwop's an eighty baby  
Grew up in ATL but don't do no roller skating  
Lil mama wanna suck me and she ain't never met me  
She said she had a dream that she fucked me in my Bentley  
Baller of the century, and they could never clone me  
He say he worth a mil but I got a million on me  
Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money  
Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money I do it with no effort like I don't even want it  
I just built me a mansion, so big I feel it's haunted  
I got so many diamonds that I don't even flaunt them  
She think her pussy diamond but I don't even want it  
Call it perfect timing, I don't have no opponents  
It ain't no competition, 'cause they don't really want it  
A bitch'll slit her wrist just so she can be my sidepiece  
She wanna stand beside me, I just threw up a nine piece  
If she thick as a horse I might buy that bitch a Porsche  
If she mean nothing to me, Wizop I'm worth a fortune  
I do it with no effort like I don't really want it  
He say he worth a mil but I got a million on me  
Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money  
Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money (So I'ma keep some money)

(So I'ma keep some money)  
(They love me for one thing)  
(So I'ma keep some money) Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money  
Money make you handsome, even if you're ugly  
Money make her fuck me, she wanna fuck my money  
All my bitches love me, they love me for one thing  
Money keep her coming, so I'ma keep some money
