## The Supermen Lovers

Perhaps we could change the sound on our voice  
So we could make cheaper tracks with a better results  
And if we don't find a guy who wants to sing on it  
We have to ask to our friends if they want to be in... To be rich, to be rich. I won't do that song  
for my daddy  
And I can't explain all the choice of my mummy  
They want me to do all the radio shows,  
TV & magazine covers for the world  
To be the F, the I, the R, the S.T... number one leader of the school of my quarter.  
Ain't no chance that I sing on this stupid track  
So you can ask to your friend if they want to be in...  
To be rich, to be rich.  
Perhaps we could change the sound on our voice  
So we could make cheaper tracks with a better results  
And if we don't find a guy who wants to sing on it  
We have to ask to our friends if they want to be in...  
To be rich, to be rich, to be rich, to be rich.
