

Creep (Jon Dixon Club Mix)

[Dannii Minogue](#)

You throw a look, I catch a stare
You're checkin' me up and down
Temptation's in the air Is it against the law to wanna taste?
A sexy boy, the heat is on
We're really steamin' up this place I'm hypnotized by what could be, boy
Crawl and Creep up to me, take a deep drag of me
'Til you're high, I'll make you feel so good inside
Lower, deeper, damn, it's getting hot
Harder, sweeter, don't you ever stop Yeah, you creep up to me like a shadow over me
Cast your spell, it feels so good inside
Further, movin', are you comin' up?
Higher, sweeter, don't you ever stop
Come on make a move, don't resist
Don't tip toe round and around
You might as well dive in It's like we're locked and there's no key
It's a strange sensation
You really got a hold on me I'm hypnotized by what could be, boy
Crawl and Creep up to me, take a deep drag of me
'Til you're high, I'll make you feel so good inside
Lower, deeper, damn, it's getting hot
Harder, sweeter, don't you ever stop Yeah, you creep up to me like a shadow over me
Cast your spell, it feels so good inside
Further, movin', are you comin' up?
Higher, sweeter, don't you ever stop Crawl and
Creep up to me, take a deep drag of me
'Til you're high, I'll make you feel so good inside
Lower, deeper, damn, it's getting hot
Harder, sweeter, don't you ever stop Yeah, you creep up to me like a shadow over me
Cast your spell, it feels so good inside
Further, movin', are you comin' up?
Higher, sweeter, don't you ever stop
