

Revolution (feat. Ruelle)

UNSECRET

The earth hungers for blood
There's a riot in us
Oooh Oooh Fate thickens the air
We know our time is near
Oooh Oooh This is a revolution
We're rising up
We're rising up
This is a revolution
We're rising up
We're rising up
This is a revolution One moment in time
To carve our names with fire
Oooh Oooh
With everything on the line
Watch the world ignite
Oooh Oooh This is a revolution
We're rising up
We're rising up
This is a revolution
We're rising up
We're rising up We're revolution
We're revolution
We're revolution This is a revolution
We're rising up
We're rising up
This is a revolution
We're rising up
We're rising up
This is a revolution
We're rising up
We're rising up
This is a revolution
We're rising up
We're rising up
This is a revolution This is a revolution
This is a revolution
