

# Between Me and You

## Brandon Flowers

Between me and you  
I've been thinking about the future and  
Between me and you  
I think I'm losing it now  
Between me and you  
I've been worried about the future and  
Between me and you  
I think I'm losing it now  
And all my life  
I've been told  
Follow your dreams  
But the trail went cold  
And the heart don't lie  
And that's a good luck charm  
But I'm watching it tear out, up my arms  
There's a power in letting go  
I guess I didn't want to let you know  
These hours I'm working ain't nearly enough  
Sometimes it's like a bullet came and blasted me right out of the blue  
But I'm doing my best  
Not to let it get  
Between me and you  
Between me and you  
I've been struggling just to carry the weight  
Between me and you  
I think I'm losing it now  
The first time that  
I saw your face  
Time stood still  
I found my place  
Now I'm watching it tear out, up my arms  
There's a power in letting go  
I guess I didn't want to let you know  
These hours I'm working ain't nearly enough  
Chasing every dollar  
Girl is this what I was born to do?  
But I'm doing my best  
Not to let it get  
Between me and you  
I remember you and why  
In the garden  
It's been trial after trial  
Through the ringer in the back  
Out the window off the sack  
I was just so proud to know  
There's a power in letting go  
Never I thought it would be so hard  
These hours I'm working ain't nearly enough

Sometimes it's like a bullet came and blasted me right out of the blue  
And I feel like I've got nothing to show  
But this life and I've been wondering  
What am I supposed to do? But I'm doing my best  
Not to let it get  
And I'm doing my best  
Not to let it get  
And I'm doing my best  
Not to let it get  
Between me and you
