This Celluloid Dream

AFI

Calling tears from deep inside, oh you're so exquisite And in the mirror, all midnight eyes Oh, if I could remain, but it's just a visit All midnight eyes read vacancyTwisted, twistingTo the lovely dancing lights, I begged, may I cut in?

But they never stopped playing their song Of a joyous song they sing, I've heard whispers On a freezing note, I resonateJust like romantic verses, just like a joyous end Just like a memory, it twists me Just like romantic verses, just like a joyous end

Twist, twisting me

You land as lightly as the new snow, cinematic Onto the melting boy, and melt away

You light as gently, you're so cinematic

Bathed in your radiance, I meltIn the glitter, in the dark, sunk into velvet Praying this will never end

In the shadow of a star, in static pallor

I realized I never beganJust like romantic verses, just like a joyous end

Just like a memory, it twists me

Just like romantic verses, just like a joyous end

Twist, twisting meYou land as lightly as the new snow, cinematic

Onto the melting boy, and melt away

You light as gently, you're so cinematic

Bathed in your radiance, I melt

All the colors upon leaving, all will turn to grey

All the colors upon leaving, all will turn to greyAll grey, all the colors

All grey, upon leaving

All grey, all will turn to greyTwisting meYou land as lightly as the new snow, cinematic Onto the melting boy, and melt away

You light as gently, you're so cinematic

Bathed in your radiance You land as lightly as the new snow, cinematic

You land as lightly as the new snow, and melt away

You land as lightly as the new snow, cinematic

Bathed in your radiance, I melt
