## **Be That Easy**

## **Sade**

You baby, were like the sky You held me up to let me fly That's just like you to tell me I've nothing to fearBut I am a broken house I'm holding on a broken bough Now it's easy for me to seeIt couldn't be that easy It had to be much harder That's just like you to tell me I've nothing to fear But I could have been falling free Falling all these years Now it's easier for me to seeFull of air Sun on my face, wind in my hair Falling down Flying as slow as I can I'm not trying to reach the land Just falling somewhereIt couldn't be that easy It had to be much harder Meanwhile, boy, I love you
