

Worlds Away

The Go-Go's

Walking around it's clear I'm worlds away
Thinking with only half my mind
Found myself wanting to be sleeping
To be dreaming, to be worlds away Slip into bed the sheets are cold and smooth
My tension melts to a quiet warm
Find myself waiting to be sleeping
To be dreaming, to be worlds away I wanna be worlds away apart from the day to day
I know I'll be okay when I get worlds away
Worlds away, worlds away, worlds away, worlds away
Slipping away to somewhere in my heart
Go to a world where no one's been before
That's when I find myself not quite sleeping
But still dreaming and I'm worlds away
I wanna be worlds away apart from the day to day
I know I'll be okay when I get worlds away
Worlds away, worlds away, worlds away, worlds away Worlds away
Worlds away
Worlds away
